6. Click 'Run Budget Processor' [It takes some time to do the process]

The screenshot shows a web browser window with the address bar displaying 'localhost:5000'. The page title is 'Budget Processor — HomeOwner'. The main content area is titled 'BUDGET PROCESSING TOOL' and features a 'Source Documents' section. This section contains several document upload cards, each with a 'BROWSE' button. The cards are: 'Budget Macro Workbook' (with a sub-note 'Monitor .xlsx template — data will be written here'), 'Balance Sheet', 'Operating Budget Export', 'Reserve Budget Export', 'Current Year Income Statement', and 'Prior Year Income Statement'. Each card also displays a file name and a checkmark indicating successful upload. At the bottom of the 'Source Documents' section is a large blue button labeled 'RUN BUDGET PROCESSOR'. A red arrow points from a text box 'Click this button' to this button. A separate text box on the right side of the interface states: 'After clicking and waiting the button, everything should be done!'. The bottom of the browser window shows a Windows taskbar with various icons and a system clock indicating 7:06 PM on 4/7/2026.

Click this button

After clicking and waiting the button, everything should be done!

7. To close the website, there are two ways
 - a. Click the top right button 'Stop App When Done'

- b. OR Go back to the 'Start_Stop_Tools' folder and click 'Stop Budget Processor.vbs'
